ANS FONT LICENSE (VERSION 1.0)

Reserved Font Name: TilburgsAns
Copyright (c) 2015, Sander Neijnens & Ivo van Leeuwen (www.tilburgsans.nl),

By exercising the below licensed rights, you accept and agree to be bound by the terms and conditions of this (attribution-non modification) Ans Font License. To the extent this public license may be interpreted as a contract, you are granted the licensed rights in consideration of your acceptance of these terms and conditions, and the licensor grants you such rights in consideration of benefits the licensor receives from making the TilburgsAns font available under these terms and conditions.

PREAMBLE

TilburgsAns is a typeface, made by typographic designer Sander Neijnens and illustrator Ivo van Leeuwen. The design is based on the character of the city of Tilburg, the Netherlands: straightforward, without curlicues, humorous, experimental, swinging, personal and practical. Starting from these characteristics Sander Neijnens made a sans serif font, that dances a little, has idiosyncratic forms and is even though pretty legible. Illustrator Ivo van Leeuwen draws icons of specific locations, persons, words and events in Tilburg. These icons are put into a special font in such a way that they can be typewritten.

The goals of the Ans Font License (AFL) are to provide a free font for everyone in or outside Tilburg who wants to express himself in a Tilburger way.

The AFL allows the licensed font to be used, studied, and redistributed freely (both commercially and privately) as long as it is not modified and/or sold by itself. The font can be bundled, embedded, redistributed and/or sold with any software provided that the Reserved Font Name is maintained. The font however, cannot be released under any other type of license. The requirement for the font to remain under this license does not apply to any document or design created using the font.
